

Rainbow Song - Family Art Activity

Color Matching Game

Life is full of colors that affect us all.

This project teaches awareness of surroundings and how aspects of our lives affect us as well as describe our personality.

Directions:

1. Have kids color pieces of paper any color they want.
2. Cut into squares.
3. Lay down in rows and play the Color Memory Game!
4. Mixed up colors make the squares unique! 😊

Curious Questions

~ What is your favorite color? Why is it your favorite color?

~ Do you know colors are used in design to evoke emotions?

Red makes you want to eat more!

Blue and pink make us feel calm.

~ How do different colors make you feel?
