Song Lyrics

Expression

Expression

Expression
makes the whole world
shine brighter
makes the whole world
feel lighter.

I'm best when
I can express myself.

Expression
makes the whole world
shine brighter
makes the whole world
feel lighter.

I'm best when
I can express myself.

Picasso, he painted blocks.
Monet, he painted spots.
Dali, he melted clocks.

Expression
helps me be myself.

Expression
makes the whole world
shine brighter
makes the whole world
feel lighter.

I'm best when
I can express myself.

Warhol he painted cans.
Da Vinci, he painted man.
Van Gogh, he loved the land.

Expression
helps me be myself.
Expression
helps me be myself.
