

The Melodies in Motion™

Song Lyrics

Tree Song

Tree Song

I grow up so high
I grow down so low.
I grow up so high
I grow down so low.

I started out as a tiny seed
curled up upon the ground.
Then the rain it fell on me
The sun shone all around.

I grow up so high
I grow down so low.
I grow up so high.
I grow down so low.

One day I poked my little
head out
and I looked around.
Growing was so much fun to me
springtime,
spring has come.

One day I poked my little
head out and I looked around.
Growing was so much fun to me
springtime,
spring has come.

I grow up so high
I grow down so low.
I grow up so high.
I grow down so low.
Balanced and steady
sturdy and strong.
A tiny little tree shoot
this is my song.
